The history of childhood has been a topic of interest in social history since the highly influential book Centuries of Childhood, published by French historian Philippe Ariès in 1960. He argued "childhood" as a concept was created by modern society. Ariès studied paintings, gravestones, furniture, and school records. He found before the 17th-century, children were represented as mini-adults. Other scholars have emphasized how medieval and early modern child rearing was not indifferent ...
