In a previous article, we discussed what a Trade Allowance was in Dynamics 365 for Finance and Operations (D365) and how to set them up. To review, the Trade Allowance function in D365 allows companies to offer discounts to their customers by meeting some kind of criteria. The most common ways for customers to take advantage of this discount are to use a discount that is automatically calculated on the customer's invoice, or for the customer to take a deduction when they pay an invoice.
