Organizational
Behavior is the study
and application of
knowledge about how
people, individuals,
and groups act in
organizations. It does
this by taking a system
approach. That is, it
interprets people-
organization
relationships in terms
of the whole person,

Organisational Behaviour

Organizational behavior is the study of both group and individual performance and action within an enterprise. This field of study scans human behavior in the working atmosphere. It determines its effect on job structure, performance, communication, motivation, leadership, decision making abilities etc.
